DANVILLE:

Friday, Oct. 17, 1856.

BEAR IN MIND.

That the Presidential Election will be held on TUESDAY, the 4th day of November.

WOOD! WOOD!!

A number of our patrons have agreed to pay their subscription, &c., in wood. We would respectfully inform such that we are now needing the wood, and are ready to receive it. We hope they will bring it in immediately, otherwise we shall present our accounts for the money.

PARTICULAR NOTICE.

We have on our books, a large number of accounts, which though small, when taken separately, make in the aggregate quite a large sum, and by the delay of many of our patrons in settling up, this sum is annually growing larger. We hope those of our friends who have already received their accounts, or who shall hereafter receive them, will consider themselves particularly and urgently called upon to pay up, as we very much need the money to meet our engagements. We sincerely trust that all concerned, will consider this matter, and promptly do us justice by settling the amounts of their indebtedness.

HEWLEY'S FURNITURE SALE.—Mr. G. W. HEWLEY'S sale of fashionable Furniture, will be continued to-day, at his warehouses, on Third street.

THE BARBECUE IN GARRARD.—The American Barbecue, near Bryantsville, came off on yesterday. Notwithstanding the weather was very disagreeable, we should not wonder if the attendance was quite large. The Americans of Garrard are fully aroused, and may be expected to give a good account of themselves in November.

THE DANVILLE ARTILLERY, with their cannon, attended the Democratic meeting at Stanford on Tuesday, and the American meeting in Garrard on yesterday.

THE BASKET MEETING AT PARKSVILLE.—The American Basket-Meeting at Parksville, in this county, is to come off on Saturday, the 25th inst. Preparations will be made for an immense gathering on that occasion. Let it be a grand rally of the Americans of Boyle and the adjoining counties.

THE AMERICAN BARBECUE AT STANFORD.—Our American friends will recollect that on Thursday next, a grand American Mass Meeting will be held at Stanford, on which occasion an old-fashioned Kentucky Barbecue will be served up. A number of fine speakers will be in attendance, and should the weather be at all propitious, a very large crowd is expected.

THE ELECTION RETURNS.—We publish in another part of our paper, all the returns we have received from the elections held on Tuesday last in the States of Pennsylvania, Indiana, and Ohio. The news thus far indicates the success of the Democratic tickets in Pennsylvania and Indiana, but we think the returns are not by any means sufficiently full, as yet, to render it at all certain who has been successful. Later advice may put altogether a different face upon the matter.

SUICIDE.—Mr. JAMES MAYFIELD, of Garrard county, shot himself with a shotgun on Sunday last, the 12th inst. He had been in bad health for sometime, and was evidently laboring under temporary mental derangement, when he committed the deed of self-destruction. He was in the 72d year of his age, and was one of the most respectable citizens of the county. We obtained the above information from the Coroner.

DEATH OF SHELBY STONE.—Hon. SHELBY STONE, late State Senator from the counties of Wayne, Russell, Clinton, and Cumberland, died at his residence in Russell, on the 5th inst.

THE DEMOCRATIC BASKET MEETING AT STANFORD.—Tuesday last, the day of the Democratic Meeting at Stanford, was emphatically a juicy day—as it rained almost without intermission, from morning till night. The "unterrified," however, assembled to a small extent, and were addressed in the Reform Church by Hon. Elijah Hise, Hon. Charles A. Wickliffe, and Col. Geo. B. Hodge. The day being altogether too unfavorable for out-door operations, the dinner was spread in the Court House, and from what we can learn, was by far the best part of the celebration. We have had no account of the speeches. We presume, however, that Mr. Hise regaled his audience, with his usual quantity of black-guard denunciation, for which he is becoming so disreputably notorious, and that they, as in duty bound, applauded his obscene attempts at wit, and his bitter abuse of his betters.

The enjoyment of the occasion was somewhat marred by a scene of bloodshed, in which a Mr. Mershon was shot by a man named Wheeler. The difficulty grew out of an old grudge between the parties. Mershon's wound, we understand, was not considered dangerous.

FIRE IN THE MOUNTAINS.—The gallant mountain boys held a grand rally for Fillmore and Donelson, at Irvine, Estill county, on the 8th inst. The meeting was addressed by G. W. DUNLAP, Esq., and a reply was attempted by CAPT. SIMMS. Our advice from the mountain districts, are that the Americans are wide awake, and prepared to vote with a perfect rush for Fillmore and Donelson.

HO, FOR KANSAS!—Mr. J. A. REYNOLDS, who recently emigrated from Lexington, Ky., to Kansas, has been sent back as a delegate in behalf of the Southern settlers in that territory. He is to canvass this State for the purpose of raising money, &c., to furnish an outfit to those Southerners who design remaining in Kansas. He is now, we are informed, ready to commence his labors, and will address the people of any county, when invited to do so, at any time which may be selected. He is prepared to give all needful information in regard to the soil and climate of Kansas, its agricultural and mechanical advantages, and to instruct those who wish to emigrate, how to proceed in settling upon, and securing the location of their claims. Mr. R. is an intelligent young gentleman, and we doubt not his public addresses will be of a highly interesting character.

THE HARRODSBURG TRANSCRIPT says "Mr. Bell has taken the stump in defense of the last Know-Nothing Platform." Mr. Bell has done no such thing, and if the editor of the Transcript has heard him speak, he knows that such is not his position. Mr. Bell has taken the stump for Fillmore and the Union, against Buchanan and Disunion. The "last Know-Nothing platform" needs no defence at the hands of Mr. Bell or anybody else. It commands itself to the mind of the patriot, and secures the support of conservative men of all sections, by its true national grounds, the justness of its principles, and the manifest necessity which exists for the adoption of those principles in order to save the country from ruin. There are many good men and true, however, now warmly supporting Mr. Fillmore, who differ honestly with the American party in regard to some of its advocated measures, and among these men, is the Hon. J. F. Bell. While we regret that he cannot agree with us in all points, we rejoice that his eloquent voice is sounding like a bugle call in behalf of our candidates. Wherever he goes, the people throng to hear him speak, and none are doing more valiant and effective service for the banners of the American standard.

When the Sag Nicks calculate on that grand twister, Archie Dixon, carrying Whig strength with him to the Buchanan party, they should recollect that Archie Dixon couldn't carry the Whig strength for himself in 1851. He was defeated by his own party, because they had no confidence in him, while Hon. John B. Thompson, who was on the ticket with him, was triumphantly elected. John B. Thompson is now for Fillmore, and Archie Dixon is for Buchanan. Let the record of the election of 1851 be the basis for calculation, and then tell us which of the two possesses most influence with old-line Whigs.

Hon. Thomas Corwin has taken the stump for Mr. Fillmore in Ohio. He spoke for two hours at Carthage, on last Saturday, to a very large crowd; and it is said, made many converts from the Black Republican and Buchanan forces.

WHAT ARE THINGS COMING TO?—One of our New England contemporaries states, says the Philadelphia Presbyterian, that on a late Sabbath evening, whilst the pastor of a certain church was preaching a hot political sermon, one of his hearers, not thinking it for edification, took up his hat and rose to retire, when the congregation immediately saluted him with a "storm of hisses."

LOOK OUT FOR IMPORTED VOTERS.—The fact is established, that the Democratic leaders in this State, are concealing and carrying into execution a most extensive and disgraceful system of rascality, by means of which they hope to give the electoral vote of Kentucky to Buchanan. There is abundant evidence to show clearly, that they are importing foreign voters by scores and hundreds, principally from Ohio, and these Hessians they are stationing in the interior Sag Nicks counties of the State, until after the election. The particulars of the movement were disclosed by one of the imported miscreants, last week, to several gentlemen in Louisville, who represented themselves to him as Democrats for the purpose of getting the truth from him. He stated that a number of Kentuckians were in Cincinnati, attending to the importation, furnishing the money and giving all necessary directions. Those imported are principally Germans, and from 3,000 to 5,000 have already been sent to this State, with hundreds more yet to come. All their expenses are to be paid, and if they succeed in voting, they are to have ten dollars each, additional, and then be discharged from service. This man (Theodore Meyer by name) stated that his destination was Lebanon, and that boarding houses were to be furnished in Marion for himself and his fellows in iniquity. A correspondent of the Journal, writing from McAfee, Mercer county, says large bodies of these imported voters are now quartered in the hills of Chaplin, and we doubt not but that some of them are in nearly every county in the State. We caution our American friends that a most stupendous fraud is to be attempted by our opponents. It is important that the friends of right, the friends of Fillmore and the Union, should be on their guard, and preserve the polls from corruption. Let a strict watch be kept at every precinct, for these imported Dutch scoundrels, and let it be seen to, that they are not allowed, by casting their illegal votes, to disfranchise the sons of Kentucky.

TRAITORS IN THE CAMP.—The word "disunion," which the Sag Nicks pretend to applaud Buchanan for saying should never be breathed by an American, is becoming a favorite word with Southern Democracy. Our exchanges abound with evidence to sustain the declaration, that the extreme Southern wing of the Democratic party is preparing for an attempt to dissolve the Union, and that the traitorous scheme is a cherished one with their leaders. The present Democratic Governor of Georgia and a majority of the members of the Legislature, are avowed disunionists, and there is reason to believe that the Governors and Legislators of Alabama, Mississippi, Texas, Virginia, North Carolina, and Florida, are of the same stripe. Brooks, of South Carolina, in a recent speech, declared that he had been a disunionist from the time he could think, and that the way to meet the present crisis, was to tear the constitution of the United States, trample it under foot, and form a Southern confederacy. After giving his reasons for supporting Buchanan, he continued:

Now, Mr. Fillmore is, privately, a very respectable gentleman. He made a good President, and I believe sincerely that, if elected, he would desert his own party and make a better President than you think. But that is the very thing that I don't want. I am afraid that he would do so well that he would throw back the prospect of disunion.

Here, we have the whole thing in a nutshell. The extreme Southern Democracy are opposing Fillmore because he would kill off sectionalism, and by restoring peace to the country, "throw back the prospects of disunion." Let every patriot make a note of this, and as he loves his country, remember on the 4th of November, that Fillmore is the only Union candidate.

What a pitiful contrast the present mis-called Democracy presents to the boasted "Jackson Democracy" of former days. Then, it was the pride of Democrats to declare themselves followers of the Hero of New Orleans—they almost revered their "Sage of the Hermitage." Now, however, the party has become so corrupt and degenerate, that even Jackson is held up by their own organs as a selfish old cannibalizer and liar. Col. J. W. Stevenson, in order to shield Buchanan from the just scorn of the people, on account of his connection with the "bargain and corruption" infamy, makes Old Hickory out a liar—and the bogus Democracy applaud him as he does so. What do the few remaining genuine Democrats think of this?

BREADSTUFFS.—The wheat harvest of the United States this year is estimated at 150,000,000 bushels, a large surplus above our domestic wants. The export trade, the New York Journal of Commerce estimates at 40,000,000 bushels.

A St. Louis paper says that the grasshoppers have eaten up the entire tobacco crop of Franklin county, and the last that was heard from them, they were seated on the corners of the fence, begging every man that passed for a chew!

THE WASHINGTON UNION says that, if Mr. Buchanan is elected, there will be no North, no South, no East, and no West. We don't think there will be any President; he will pretty effectually destroy them all. It seems to us, that, whilst Mr. Buchanan, through his organs, is hypocritically crying, no North, no South, no East, no West, East, West, North, and South are loudly responding with the counterbalancing compliment, "no Buchanan!"

We saw Elijah Hise at Lancaster, the other day. A contemporary very justly observes, Hise has as bad a countenance as Beverly Clarke. We did not have an opportunity to hear him speak, and should not have heard him, if the opportunity had presented itself. He deals, we understand, in blackguardism and abuse, to such an extent, that a decent man had better keep clear of his appointments.

A GLORIOUS TRIUMPH.—The result of the municipal election in Baltimore, on the 8th instant, was a most glorious triumph for the American Party.—Thomas Swann, the American candidate for Mayor, was elected by the handsome majority of 1,554 votes, out of the largest vote ever before polled in the city, and this notwithstanding the attempts of imported bullies to keep the Americans from the polls.

GRAND AMERICAN BARBECUE AND MASS MEETING AT LEXINGTON.—The American party of the city of Lexington and county of Fayette have determined to give a grand free barbecue on Wednesday, the 23rd inst. The most ample preparations will be made for the accommodation of all who may attend, and numerous distinguished speakers from abroad and from our own State are expected to honor the occasion with their presence.

The Knoxville Whig says the men who recently hung James Buchanan in an effigy at War Trace, Tenn., were all old-line Jackson men, and that "they perpetrated the deed, because Buchanan tried to saddle the lie upon Old Hickory, in the Clay and Adams affair! They further alleged that Buchanan was a Blue Light Federalist, an Abolitionist, and in favor of low wages and a Bankrupt Law."

Let it be remembered, says the St. Louis Intelligencer, that Mr. Fillmore has declared himself utterly hostile to the odious abolition doctrine of "Squatter Sovereignty," as advocated by James Buchanan, Douglas, Van Buren and other great leaders of the Northern Democracy. Don't forget, too, that Mr. Calhoun denounced this doctrine as "the most monstrous ever advanced by an American statesman,"—worse than Wilmet Provisoism; and then look at the fact that the leaders of the Southern Democracy, though heretofore as bitterly opposed to it as Mr. Calhoun, are willing now to betray the best interests of the South by going for the very man whom Wm. L. Yancey, of Alabama, erstwhile denounced as "the father of Squatter Sovereignty"—James Buchanan.

Will the South suffer itself to be bound hand and foot in this way? Never!

The Louisville Courier of Monday, publishes the following dispatch from St. Louis in reference to Kansas affairs. It will be seen that at the election on Monday of last week, the pro-slavery party had the election all their own way.

The returns from the Kansas election are all one way. Whitfield has been elected the delegate to Congress. Gov. Geary has sent a large military force to check the Abolitionists who are said to be committing depredations on the Nebraska side of the Territory. Robinson has left. Miles Snow is a prisoner in Kansas City Mo., awaiting a requisition from the Governor of Kansas.

At the election the people of Kansas voted in favor of a Convention, to form a State Constitution under the law of last Legislature.

FILLMORE AND THE SOUTH.—A. M. Hayne, of Charleston, S. C., under date of September 5, writes as follows from Georgia, to the Baltimore American Democrat:

"I have travelled much this summer in this State, also North Carolina and Tennessee, and a portion of Kentucky, and from all the signs, I don't but that Fillmore will get North Carolina, Tennessee and Kentucky. In this State he will run the Sag-Nicks close; and if all the well wishers of Fillmore will vote for him, Georgia will be redeemed. Alabama is doing a glorious work, and my calm, deliberate opinion is that she will run up to Taylor and Fillmore, if not more, and carry the State. Florida will go for Fillmore beyond a doubt, and South Carolina will, perhaps, throw her vote away. There is not one paper in the State that comes out and advocates the election of Buchanan. So it goes, and when the ideas of November come, you will see whose flag will proudly wave over the American people. Look at it: Fillmore and Donelson—the Union is saved."

A Fillmore Electoral ticket has been nominated in New Hampshire.

DOUGLAS ON FILLMORE.—In a speech at Richmond, Virginia, on the 9th of July, 1856, Mr. Stephen A. Douglas, addressing a Democratic audience, said:

"We feel—say all of us feel—that Fillmore was a real gold-sender. It was the calming of the waters when the ship was sinking in the tempest."

The people of the United States must be well aware that the ship, managed of late by Douglas & Co., is even in more danger of sinking in the tempest now than she was in 1851. So let the man who calmed the waters then, be called on by his countrymen to perform the same glorious office again. Why should the nation hesitate? How can it hesitate?

GIVING IT UP.—The St. Louis Democrat, a Buchanan paper, says, most melancholy:

"While we shall labor for the success of the Democratic party in the present contest, we confess we do not look upon the chances of success for operations as soon as the next campaign. They feel confident that in all its departments their establishment will be found to be unsurpassed by any establishment in the country. They are also prepared to cut and pack BEEF CATTLE."

A SPECIFIC REMEDY.—The evidence in favor of Harley's Sarsaparilla, is of the most overwhelming and convincing character. In every quarter of our country it is regarded as a blessing, and has done more for the removal of disease than any one medicine on record. Its potent agency in the cure of Scrofula, Liver disease, Chronic ulcers, Dyspepsia, Kidney affections, or obstinate cutaneous eruptions, are already too familiar with the community to require comment.

The First Annual Fair of the NIELSON COUNTY Agricultural & Mechanical ASSOCIATION

Will be held on the Fair Grounds, near Bardonia, Ky., commencing Tuesday, October 31st, 1856, and continue four days.

The grounds being handsomely enclosed, and the arrangements complete, there will be ample room and accommodation for all who may see proper to attend.

Deaths.

DIED.—In this place, on Friday evening last, the 10th inst., at the residence of his brother-in-law, HAZ. J. F. BELL, of consumption, MR. JOSEPH HELM.

In this place, on Sunday night last, the 12th inst., at the residence of her son, Mr. Geo. W. DOWNEY, of flux, MRS. MARY F. DOWNEY, in the 72d year of her age.

For the Kentucky Tribune.

WHEREAS, it has pleased an all-wise and inscrutable Providence to remove from our midst, our dearly beloved friend and fellow-citizen, B. M. BLED SOLE, the members of the Bar at a meeting held at Bardonia, for the purpose of offering a suitable tribute to his memory, have unanimously adopted the following resolutions:

Resolved, That we most sincerely sympathize with his young and heart-broken wife, who has been severed by the ruthless hand of death from the object of her dearest love, and that too in the spring-time of life, yet the flowers of celestial happiness have been chilled with one blighting frost; we also condole most heartily with the parents and relations of the deceased in their bereavement. They have lost an inestimable treasure, a priceless jewel, which will leave a barren desert in their hearts, which the empty things of this world will never cease to grow green again.

Resolved, That we sympathize with the Masonic Fraternity and Sons of Temperance, who have lost by his death a worthy brother and cordial friend.

Resolved, That the Bar has by his melancholy and untimely death, lost an able and gifted lawyer, a courteous and high-toned gentleman, and a bright and shining ornament to his profession.

Resolved, That a copy of these resolutions be sent to the Somerset Gazette, Danville Tribune, and Louisville Journal for publication.

REJOICING AMONG THE AMERICANS.
A dispatch from Rochester, New York, dated on the 25th says:
The union of the two divisions of the American party ticket, has caused great enthusiasm throughout the State, as evidenced by the receipt of telegraphic dispatches; and it is now freely conceded, even by the opponents of the party, that the Presidential and State ticket (Fillmore for President and Erastus Brooks for Governor) will be carried by a hand some majority. Indeed, they are making here by prominent politicians that the American majority in the State will reach 20,000. The reason of the good feeling among the party is more apparent, when it is considered that such a thing as a union of the discordant factions has all along been regarded impossible.

TRICKS OF THE ENEMY.—We wish to caution our American friends against the "insidious wiles" of the Sag-Nichts, says the Memphis Eagle. We learn that they approach Americans in this way: "We want to beat Fremont. Will you vote for the strongest man for that purpose?" The American answers yes. "Well, now, that fact is between us," says the Sag-Nicht, "Fillmore stands no sort of chance, come pledge yourself at once for Buchanan." He is a very weak American who could be led off by such a trick. If water were as weak as he, it would not have strength enough to run down hill. Stand to man man! he can be elected. He is twice as strong in the North as Buchanan, and much stronger or will be in November, than Fremont. Look at the great Whig movement for Fillmore. Take the Americans and Whigs, and they can elect Fillmore, there is no sort of a doubt of that. When Fillmore's great and increasing strength in the North is known in the South, the Southern States will go for him. Every breeze from the North wafts to us the noise of the triumph of the Fillmore hosts and the clagor of the irams. Americans of the South, be of good cheer. The day will be ours. Mark it.—American Organ.

THE GAME DRAWING TO A CLOSE.—The "Game of Brag" is well up with the Loophole gamblers and they will soon be forced to show their hands. We predict that they will make very much such an exhibit as they made in 1840. A contemporary says they then claimed twenty-two of the twenty-six States, giving 21 electoral votes, and they got 7—which gave 60. They are some-what less greedy at present, and claim 15 of the 26 States, and there is bare possibility they may succeed this fall in carrying about the same proportion of the 15 as they did in 1840. Now let us compare their boasting in 1840 with the actual result in that year:
They claimed 22 States and got 7.
They claimed 261 electoral votes and got 60.
They claimed Penn. and lost by 351 maj.
They claimed Mich. and lost by 1,093.
They claimed Del. and lost by 1,891.
They claimed N. J. and lost by 2,241.
They claimed Miss. and lost by 2,543.
They claimed La. and lost by 3,680.
They claimed Md. and lost by 4,776.
They claimed Ga. and lost by 5,324.
They claimed Tenn. and lost by 12,102.
They claimed N. C. and lost by 11,594.
They claimed N. Y. and lost by 13,290.
They claimed Ohio and lost by 23,317.
They claimed Ky. and lost by 25,875.
